GENERALIZED SYSTEM OF PREFERENCES

Scheme of Japan

Amendment

The UNCTAD secretariat has received from the Permanent Mission of Japan to the International Organizations in Geneva the following amendment to that country's scheme of generalized preferences from 1 January 1990:

"... and has the honour to inform the latter of the expiry of the transitional arrangements concerning the certificate of origin to receive the Japanese preferential treatment and of the treatment after 1 January 1990". 1/

1/ The explanatory note is annexed herewith.

Annex I

1. Outline of the transitional arrangements

1. In order for goods to receive preferential treatment, a certificate of origin issued by the Customs authorities or other competent Government authorities of the exporting preference-receiving country must be submitted to the Japanese Customs authorities on importation of the goods into Japan.

2. The uniform "Form A" is used for the certificate of origin on the basis of UNCTAD agreement. Into Box 8 of Form A "Origin criterion", the letter "P" is entered if the products are wholly obtained, or the letter "W" and the Harmonized System headings (4 digit, hereinafter referred to as the same) of the imported products for the products which meet the substantial transformation criteria.

3. However, because time was thought to be needed for beneficiaries to make themselves familiar with HS-based rules of origin while proceeding with tariff nomenclature from CCCN to HS, Japan - like EEC, Austria, Finland, Norway, Sweden and Switzerland - made transitional arrangements for a period of two years from 1 January 1988 that applicants with Form A might omit the HS headings of products and would only need to enter the letter "W" in Box 8.

2. Treatment after 1 January 1990

After the expiry of transnational arrangements on 31 December 1989, HS tariff heading must be entered into Box 8 of Form A as a general rule.

The reasons are as follows:

1. Entry of HS tariff headings into Box 8 is an important element in judging whether certification of imported products is accorded with Japan's origin criterion (process criterion) or not.

2. Entry of HS tariff heading will help beneficiaries to familiarize themselves with HS coding system.

3. HS tariff headings must be entered into Box 8 of Form A also in EEC, Austria, etc., after the expiry of the transitional arrangements.
